

Decorative, stainless steel, watertight wall light for open decks, IP67

Design	According to rules of maritime classification societies and relevant standards
Housing	Stainless steel, powder coated white (RAL9016)
Cover	Opal polycarbonate, impact-proof, UV resistant
Mounting	4 mounting holes, Ø 8.7 mm
Cable entry	2x grommets, chloroprene rubber IP67
Wiring	Flexible wiring, heat resistant up to 105°C, through wiring
Protection class	IP67
Weight	1.7 kg

Extras

24 V DC

110-120 V AC

Dimmable

Different color temperatures on request

Part no. 5127011100-xxx

Type specification

Light source	Cluster LP LED module
Wattage	11W
CCT (color)	5.000K
CRI	≥ 80
Voltage	220-240V AC
Frequency	50-60Hz

Spare parts

LED module kit	7409001300
Lamp cover kit	7112006200
Halfmoon cover	7112007300
