

## MARINE LED FLOODLIGHT

## IP67 Type RGLM-500

**Application:** Decks, Marinas, Docks, Ports

|                      |                  |
|----------------------|------------------|
| <b>Model:</b>        | <b>RGLM-500A</b> |
| Power                | 500W             |
| Initial Lumen Flux:  | 60000lm          |
| <b>Beam angle:</b>   | <b>60°</b>       |
| Net Weight:          | 15kg             |
| Color Temperature:   | 6000 K           |
| Color Rendering:     | ≥Ra80            |
| Working Life:        | ≥100.000Hrs      |
| Housing:             | Aluminum         |
| IP Class:            | IP67             |
| Working Temperature: | -40°C ~+ 60°C    |
| AC Input Voltage:    | AC80-360V        |
| Power Factor:        | ≥0.98            |

|                      |                  |
|----------------------|------------------|
| <b>Model:</b>        | <b>RGLM-500P</b> |
| Power                | 500W             |
| Initial Lumen Flux:  | 60000lm          |
| <b>Beam angle:</b>   | <b>20°</b>       |
| Net Weight:          | 20°              |
| Color Temperature:   | 6000 K           |
| Color Rendering:     | ≥Ra80            |
| Working Life:        | ≥100.000Hrs      |
| Housing:             | Aluminum         |
| IP Class:            | IP67             |
| Working Temperature: | -40°C ~+ 60°C    |
| AC Input Voltage:    | AC80-360V        |
| Power Factor:        | ≥0.98            |
